What is MASA MASID?

MASA MASID is a barangay-based anti-criminality, anti-corruption, and anti-illegal drugs program which encourages multi-sectoral partnership to intensify the spirit of volunteerism at the community level.

PURPOSE

To heighten community involvement by mobilizing the support of local stakeholders, volunteers, civic organizations, faith-based organizations, and the private sectors in the fight against illegal drugs, criminality and corruption.

IMPLEMENTATION STRATEGIES

As a volunteer member of the MASA MASID Team, you may engage in the following activities:

For Advocacy and Education Campaigns

WORD OF MOUTH

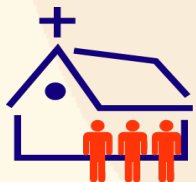

Advocacy may start from the MMT telling other people in the community about the MASA MASID Program and its objectives.

SEMINARS

The MMT may also organize seminars and other fora to advocate anti-illegal drugs in the community.

FAITH-BASED GROUPS

The members of the faith-based organizations may utilize their groups as venue for advocacy and education campaigns.

For Information Gathering and Reporting

HOTLINE

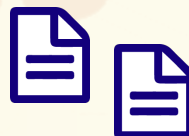

The MMT may set-up a hotline that the members of the community may call to report any drug-related incident.

INTERVIEWS

By interviewing their neighbors, the MMT may gather information on any untoward incident in the community.

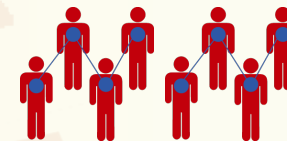

DATABASE

A repository of data is necessary for a more efficient monitoring and validation of cases.

For Community-Based Rehabilitation Program (CBRP)

CRN

The MMT shall organize a network of volunteers to facilitate the program. This network is called the Community Rehabilitation Network (CRN).

COUNSELING

One of the key elements of the CBRP is counseling to ensure the psychological and spiritual healing of the patients.

COMMUNITY SERVICE

The patients need to regain their sense of purpose. This may be done through community service.
